

# Ghost Lab

Episode 01 - Air Date: 02/15/2009

## Nick's Project of the Week:

Modified Audio Recorder

## Complexity:

Easy

## Materials Needed:

- Audio recorder (either digital or analog) with a jack for using an external microphone.
- Plug-in adapter for using two microphones at once.

## Instructions:

- Insert the adapter into the microphone jack (this will disable the built-in microphone.)
- Use the audio recorder as you would normally.
